PERMISSIBLE OUTCROSSES:
 Domestic Shorthair. Due to the limited gene pool available, any cat naturally born to have the sparse hairless, regardless of show standard, can be used for breeding ONLY. They can be used in showing if they meet the standard.

CATEGORIES:
 Traditional.
DIVISIONS: All.
COLORS: All colours except full white

HEAD:

Shape: Modified wedge with rounded contours from nose to cheeks to ears. Slightly rounded forehead. Slightly longer than wide.
Ears: Large, wide at the base and pointed on the tips. Set high on the head, vertical and erect. Hairless with some sparse hair on outer surface allowed.
Eyes: Medium, oval shaped to almost round. Bias inside corner points to the nose, outside corner points to the outside ear edge. The rims are hairless giving the appearance of white eye liner. Gold color preferred.
Muzzle/Chin/Nose: Medium long muzzle. Fleishy hairless whisker pads with gently rounded and a definite whisker break. Well-developed chin aligned vertically with the nose, having a rounded appearance; full but not projecting or receding. Nose is hairless and leathery to the touch, slightly rounded down at the end.
Profile: A concave curve from brow to bridge. No Stop.
Neck: Medium length. Neither thin nor overly muscular.

ALLOWANCES: Hairlessness varies from almost completely hairless to almost completely coated during phases of hair growth. Eyes to be smaller in proportion to head in cats less than 8 months old. Paw pads not consistent with color. Allow for stud jowls in males. Males may be substantially larger than females. Pigmentation spots to full tanning can occur when exposed to sunlight.
 Lockets

PENALIZE: More than sparse undercoat.

WITHHOLD ALL AWARDS (WW):
 Absence of hairless face mask. Full white colour. Temperament must be unchallenging; any sign of definite challenge shall disqualify.

BODY:

Torso: Foreign type.
Musculature: Lithe, slender. Having solid weight, no excessive bulk.
Legs/Feet: Medium long with medium boning. Legs and feet are sparsely haired. Feet are medium sized and oval. Toes are long in appearance.
Boning: Medium.
Tail: Shorter than body and tapers to a point.

COAT:

Length: Short to medium length. Longhairs: Medium long which is most visible on the tail.
Texture: Partially hairless. Undercoat is minimal; longer guard hairs cover body. Amount of coat will vary depending on cycle of hair, but more coat is desirable over less coat. Coat resembles the look of an opossum coat. Soft to the touch.
Color/Pattern: Thirty percent to seventy percent range of darker base colour from root to tip hair intermixed with white from root to tip hair with 50/50 being ideal.
Mask: There is a hairless mask that connects the nose, muzzle, eyes and ears giving the classic werewolf face.
